

## ABSTRAK

Penelitian ini bertujuan menguji pengaruh *good corporate governance* (GCG) dan *growth opportunity* terhadap harga saham pada perusahaan properti yang terdaftar di BEI periode 2012-2014. Variabel GCG terdiri dari kepemilikan manajerial, kepemilikan institusional, komisarisin dependen, ukuran dewan direksi, komite audit dan variabel *growth opportunity*. Pengumpulan data menggunakan instrument penelitian berupa data laporan keuangan yang terdaftar di BEI. Analisis data menggunakan regresi linier berganda. Hasil penelitian ini menunjukkan bahwa kepemilikan institusional dan komite audit berpengaruh terhadap harga saham sedangkan kepemilikan manajerial, komisaris independent, ukuran dewan direksi dan *growth opportunity* tidak berpengaruh terhadap harga saham.

**Kata Kunci** : *Good Corporate Governance, Growth Opportunity, Harga Saham*

## **ABSTRACT**

*This study aims to examine the effect of good corporate governance (GCG) and growth opportunity to share price of property companies listed on the Stock Exchange 2012-2014. Variable GCG consists of managerial ownership, institutional ownership, independent commissioner, the size of the board of directors, audit committee and variable growth opportunity. Collecting data using the research instrument in the form of financial statement data listed on the Stock Exchange. Analysis of data using multiple linear regression. These results indicate that institutional ownership and audit committee on stock prices, while managerial ownership, independent commissioner, board size and growth opportunity no effect on stock prices.*
