DAFTAR TABEL ........................................................................................................ xiii
DAFTAR LAMPIRAN ................................................................................................ xiv

BAB I PENDAHULUAN
1.1 Latar Belakang Permasalahan .............................................................................. 1
1.2 Rumusan Masalah ............................................................................................... 6
1.3 Tujuan Penelitian ............................................................................................... 6
1.4 Batasan Penelitian ............................................................................................. 6
1.5 Manfaat Penelitian ........................................................................................... 7
1.6 Sistematika Pembahasan .................................................................................... 7

BAB II TINJAUAN PUSTAKA
2.1 Kondisi Keuangan ............................................................................................ 9
2.2 Financial Distress ............................................................................................. 11
2.3 Pertumbuhan Perusahaan ................................................................................. 11
2.4 Pemberian Opini Audit Going Concern ......................................................... 13
2.5 Tinjauan Penelitian Terdahulu ....................................................................... 15
2.6 Pengembangan Hipotesis ............................................................................... 21
2.6.1 Pengaruh Kondisi Keuangan Terhadap Opini Going Concern ............... 21
2.6.2 Pengaruh Financial Distress Terhadap Opini Going Concern .............. 22
2.6.3 Pengaruh Pertumbuhan Perusahaan Terhadap Opini Going Concern 23

BAB III METODE PENELITIAN
3.1 Rancangan Penelitian ........................................................................ 25
3.2 Populasi dan Sampel .......................................................................... 25
3.3 Variabel Penelitian .............................................................................. 26
  3.3.1 Variabel Dependen Opini Audit Going Concern .............................. 26
  3.3.2 Variabel Independen ...................................................................... 26
    3.3.2.1 Kondisi Keuangan ................................................................. 27
    3.3.2.2 Financial Distress .................................................................. 27
    3.3.2.3 Pertumbuhan Perusahaan ......................................................... 28
3.4 Sumber Dan Pengumpulan Data ............................................................ 28
3.5 Metode Analisis Data .......................................................................... 28
  3.5.1 Analisis Deskriptif .......................................................................... 28
  3.5.2 Analisis Regresi Logistic ................................................................. 28
  3.5.3 Uji Multikolinieritas ....................................................................... 29
  3.5.4 Uji Kelayakan Model Regresi ........................................................... 30
  3.5.5 Menilai model Fit ........................................................................... 30
  3.5.6 Koefisien Determinasi .................................................................... 30
  3.5.7 Uji Hipotesis .................................................................................. 31

BAB IV ANALISIS HASIL PENELITIAN DAN PEMBAHASAN
4.1 Hasil Pemilihan Sampel ....................................................................... 33
4.2 Statistik Deskriptif .............................................................................. 34
4.3 Analisis Regresi Logistic ...................................................................... 35
  4.3.1 Uji multikolinieritas ....................................................................... 35
  4.3.2 Uji Kelayakan Model Regresi ........................................................... 36
  4.3.3 Menilai Model Fit ........................................................................... 37
  4.3.4 Koefisien Determinasi .................................................................... 38
  4.3.5 Matrik Klarifikasi ........................................................................... 39
  4.3.6 Uji Hipotesis .................................................................................. 39
4.4 Pembahasan Hasil Penelitian ................................................................. 41
4.4.1 Pengaruh Kondisi Keuangan Terhadap Opini Going Concern........... 41
4.4.2 Pengaruh Financial Distress Terhadap Opini Going Concern........... 42
4.4.3 Pengaruh Pertumbuhan Perusahaan Terhadap Opini Going Concern 43

BAB V KESIMPULAN DAN SARAN
5.1 Kesimpulan................................................................................................... 45
5.2 Keterbatasan .................................................................................................. 45
5.3 Saran............................................................................................................... 46
