

THE EGYPTIAN GOVERNMENT'S EFFORTS TO MAINTAIN MILITARY RULE AFTER THE COUP BY ABDUL FATTAH AL-SISI

ABSTRACT

The coup that occurred in 2013 by Abdul Fattah al-Sisi brought the military rule back to power in Egypt. With great support from the society, al-Sisi was elected as president. After officially elected as president of Egypt and inaugurated in 2014, Al-Sisi immediately made efforts to maintain military rule. Al-Sisi did two attempts on his administration, which were internal efforts and external efforts. Internal efforts to overcome the problems in the country were not yet stable because there were many protests. Al-Sisi issued the decrees, authorized the new legislation, and trying to improve the Egypt's economy with the aid from other countries. External efforts focused on finding support from other countries and expanded the Suez Canal to attract foreign investors. This paper discusses how the Egyptian government's efforts to maintain military rule after the coup by Abdul Fattah al-Sisi.
