

ABSTRAK

Penerapan Hukum Humaniter Internasional Jenewa di Suriah digunakan beberapa pasal yang secara terbukti bahwa Suriah melanggar Hukum Humaniter Internasional. Penerapan Hukum tentang penggunaan bom hidrogen ini dilakukan oleh *Organisation for the Prohibition of Chemical Weapons* (OPCW) yang memiliki tugas dan fungsi untuk menegakkan Hukum Humaniter Internasional yang diturunkan kepada hukum tentang penggunaan senjata kimia. Kemudian dalam penerapannya juga, Hukum Humaniter Internasional memandatkan kepada ICRC sebagai organisasi Internasional yang menegakkan Hukum Humaniter Internasional Jenewa. Kemudian dalam kasus Suriah, ICRC melakukan beberapa kegiatan kemanusiaan dan memberikan laporan tentang korban dari non-Combatan di konflik Suriah.

THE APPLICATION OF INTERNASTIONAL GENERAL HUMANITARY

LAW ON NON-COMBAGE IN GENEVA CONFLICT

2013-2018

ABSTRACT

This thesis discusses about the adoption of the International Humanitarian Law of Geneva in Syria used several articles proving that Syria violated International Humanitarian Law. The Law's application of the use of hydrogen bombs is carried out by the Organization for the Prohibition of Chemical Weapons (OPCW) which has the duty and function to uphold International Humanitarian Law derived to the law regarding the use of chemical weapons. Later in its application as well, International Humanitarian Law mandates to the ICRC as an international organization that upholds International Humanitarian Law of Geneva. Later in the case of Syria, the ICRC undertook several humanitarian activities and provided reports of victims from non-Combatants in the Syrian conflict.
