DAFTAR ISI ........................................................................ x
DAFTAR TABEL .................................................................... xiv
DAFTAR GAMBAR ............................................................. xv
DAFTAR LAMPIRAN .......................................................... xvi

BAB I: PENDAHULUAN
1.1 Latar Belakang Masalah.................................................. 1
1.2 Rumusan Masalah ......................................................... 17
1.3 Tujuan Penelitian ............................................................ 18
1.4 Manfaat Penelitian ........................................................... 18

BAB II: TINJAUAN PUSTAKA
2.1 Usaha Perasuransian di Indonesia ................................. 20
2.2 Ruang Lingkup Usaha Asuransi Umum .......................... 22
2.3 Lingkungan – Strategi – Kinerja ................................. 23
2.3.1 Lingkungan ................................................................. 25
2.3.1.1 Regulasi Pada Lini Bisnis Asuransi Harta Benda dan Lini Bisnis Asuransi Kendaraan Bermotor........................................................ 26
2.3.1.2 Rasio Konsentrasi ................................................................. 31
2.3.2 Strategi.................................................................................. 32
2.3.2.1 Level Strategi........................................................................ 33
2.3.2.2 Orientasi Strategi................................................................. 35
2.3.2.2.1 Strategi Efisiensi Biaya .................................................... 36
2.3.3 Profitabilitas........................................................................... 39
2.4 Hubungan Lingkungan – Strategi – Kinerja ................................ 41
2.4.1 Hubungan Lingkungan dan Kinerja ........................................ 42
2.4.2 Hubungan Lingkungan dan Orientasi Strategik ..................... 44
2.4.3 Hubungan Orientasi Strategik dan Kinerja ......................... 47
2.5 Studi Empiris Lingkungan – Strategi – Kinerja ..................... 48
2.6 Penelitian Terdahulu ................................................................. 51
2.6.1 Penelitian dalam Ruang Lingkup Manajemen Strategi (ESP)..... 51
2.6.2 Penelitian dalam Ruang Lingkup Ilmu Ekonomi (SCP) ......... 57
2.7 Kerangka Konseptual Penelitian............................................... 60
2.8 Hipotesis Penelitian ................................................................. 61
2.8.1 Regulasi OJK – Strategi Efisiensi Biaya ................................. 62
2.8.2 Rasio Konsentrasi – Strategi Efisiensi Biaya ......................... 62
2.8.3 Strategi Efisiensi Biaya – Profitabilitas ................................. 64
2.8.4 Rasio Konsentrasi – Profitabilitas ......................................... 64
2.8.5 Regulasi OJK – Profitabilitas ............................................... 66
BAB III: METODE PENELITIAN

3.1 Desain Penelitian ................................................................. 67
3.2 Populasi dan Sampel ................................................................. 67
3.3 Jenis Data Penelitian ................................................................. 69
3.4 Periode Pengamatan ................................................................. 69
3.5 Klasifikasi Variabel Penelitian ................................................... 70
3.6 Definisi Operasional Variabel ...................................................... 71
3.6.1 Lingkungan ............................................................................. 71
3.6.2 Strategi...................................................................................... 76
3.6.3 Profitabilitas............................................................................ 77
3.7 Model Penelitian........................................................................ 78
3.8 Teknik Analisis .......................................................................... 79
3.8.1 Analisa Deskripsi Variabel Penelitian ......................................... 79
3.8.2 Uji Asumsi klasik.................................................................... 80
3.8.3 Chow test ................................................................................. 83
3.8.4 Analisis Korelasi ...................................................................... 84
3.8.5 Analisis Jalur ........................................................................... 85

BAB IV: HASIL ANALISIS DAN PEMBAHASAN

4.1 Gambaran Obyek Penelitian.......................................................... 92
4.2 Statistik Deskriptif ........................................................------------ 94
4.3 Uji Asumsi Klasik ..................................................................... 96
4.4 Chow Test ................................................................................. 102
4.5 Analisis Korelasi ........................................................................ 104
4.6 Analisis Jalur ............................................................................ 106
4.7 Pengaruh Langsung, Tidak Langsung, dan Pengaruh Total ........... 109
4.8 Sobel Test.............................................................. 113
4.9 Uji Hipotesis............................................................. 115
4.10 Pembahasan Hasil Penelitian ........................................... 122

BAB V: PENUTUP

5.1 Kesimpulan ................................................................. 135
5.2 Implikasi Penelitian....................................................... 136
5.3 Keterbatasan dan Saran Penelitian Selanjutnya..................... 138
