**ABSTRACT**

The election of President Donald Trump in 2016 caused anti-immigrant interest groups become part of the current US government. One of which is the Federation for American Immigration Reform (FAIR). FAIR has become an influential group in policy making related to the Deferred Action for Childhood Arrival (DACA) thanks to its control of parliament and the mass media in the US. As a result, the DACA policy was repealed in 2017. This thesis will discuss how FAIR seeks to eliminate (DACA) policy in US.
