IJDNE (INTERNATIONAL JOURNAL OF
DESIGN & NATURE AND
ECODYNAMICS)**

A Notification about APC from IETA

From: editor.ij dne@iieta.org

To: herianto_upn_ina@yahoo.com

Date: Wednesday, January 27, 2021, 02:20 PM GMT+7

Dear colleagues,

Owing to the substantial and continued increase in various costs of labor etc., the IETA has decided to levy a moderate amount of article processing charge (APC) on authors from 2021, to optimize the publishing cycle and improve the journal quality. Details on the APC were updated on January 25th, 2021 in the "Article Processing Charge" column on the left of the journal webpage. An article processing charge (APC) of **US \$ 300** is applied to all papers submitted to the journal, *International Journal of Design & Nature and Ecodynamics*.

However, favorable policy is given to the submission made before January 25th, 2021. If your manuscript complying with the favorable policy above is accepted, we will give you a 50% discount on the APC.

Please inform us of your decision for further processing of your manuscript. If you agree to the above arrangement, we will complete the review of your manuscript as soon as possible. If not, please also mail us as soon as possible, so that you could submit the manuscript to other journals.

P.s. Starting from 2021, the process of submission to publication of a manuscript will last 2 months on average.

Kind regards,

Editor.ij dne | Assistant Editor

Dear Editorial IJDNE

Based on your previous email on Sept. 2 /2021,

I have revised my manuscript paper according to the instructions from that email.

Title :Utilization Waste Brine Water Separator for Binary Electric Energy Conversion in Geothermal Wells

ID : 9904

Thank you

Herianto, PhD

Dear author,

The revised manuscript you sent us did not correct the order of quotations in the text.

Please modify your article in the version we sent you.

Please number all the pieces of literature in the order of their appearance in the text. The serial numbers quoted in the text appear in the main text in a positive order. Such as [1] [2] [3].....

For example: References [7] should appear after [6] instead of [9]

Dear author,

The revised manuscript you returned to us still does not meet the requirements.

- 1, The author's address information needs to be completed. You need to add the city and zip code before the country.
- 2, Please number all the pieces of literature **in the order of their appearance in the text**.
- 3, The red underline under the word HidroCarbon in figure 1 needs to be removed.

Please correct the article as soon as possible and return the revised version.

Dear author,

Please modify your article in the attachment we sent you. There are many places where your article needs to be revised. In order not to delay the publication of your article, please carefully revise your article in accordance with our requirements.

1, The formula/equation must be editable and cannot be presented in the form of a picture. You are strongly recommended to use MathType (<http://www.mathtype.com>) to edit equations. Microsoft Equation Editor is also acceptable. (Insert | Object | Create New | Microsoft Equation or MathType Equation). "Float over text" should *not* be selected.

2, The table cannot be presented as a picture. Please redraw the table. Words within a table should use 9 pts. The table number should be in bold type.

In general, if a table is too long to fit one page, the table number and heading should be repeated on the next page before the table is continued. Alternatively, the table may be spread over two consecutive pages (first an even numbered, then an odd-numbered page) turned by 90, without repeating the heading.

3, No underline can appear on the figures. Any word, number, shape and symbol on figures must be discernible when the page zoom level stands at 100%. We suggest that you use one of the following Open Type fonts: Times New Roman, Helvetica, Arial, Cambria, and Symbol, when preparing your figures.

4, Literature included in your references list must all be mentioned in the text. Please number all the pieces of literature in the order of their appearance in the text. The format of the references needs to be revised.

Please send us the revised version before August 28, 2021.

Your paper has been published in IJDNE (Vol. 16, No. 4, 2021)!

From: editor.ijдне@iieta.org

To: herianto_upn_ina@yahoo.com

Date: Monday, September 13, 2021, 04:17 PM GMT+7

Dear author(s),

Thanks for patronizing *International Journal of Design & Nature and Ecodynamics (IJDNE)* for publishing your research. The electronic version of your paper published in Volume 16, Number 4, 2021 is attached with this email. To read your paper online, please click: <http://www.iieta.org/journals/ijдне/paper/10.18280/ijдне.160408>

Kindly acknowledge the receipt of the same. You must be satisfied with our services.

We wish you the best in your research career and hope to have outstanding studies coming from you for publication in IJDNE in the future as well. We would also appreciate your citing the research content published in IJDNE in other research papers that you intend to submit to other journals. This will help raise IJDNE's profile.

If you are interested, you may also apply for being our journals' **peer reviewers** or/and **editors**. We would like to receive your CV for future cooperation.

Last but not least, we shall be grateful if you encourage us by submitting your valuable article(s) for the forthcoming issues and also promote our journal amongst your colleagues and fellow-workers.

Iieta is **calling for papers** for its journals:
