BAB I. PENDAHULUAN ...................................................... 1
   A. Latar Belakang Masalah............................................... 1
   B. Rumusan Masalah ....................................................... 7
   C. Tujuan Penelitian........................................................ 7
   D. Manfaat Penelitian........................................................ 8

BAB II. TINJAUAN PUSTAKA............................................... 9
   A. Landasan Teori ............................................................. 9
      1. Budaya Organisasi....................................................... 9
      2. Struktur Organisasi..................................................... 10
      3. Teknologi Informasi................................................... 12
BAB II. PENELITIAN TERDAHULU ........................................... 16

C. Hubungan Antar Variabel ......................................... 17

D. Kerangka Konseptual ............................................. 22

E. Hipotesis .................................................................. 23

BAB III. METODE PENELITIAN ...................................... 24

A. Rancangan Penelitian ............................................... 24

B. Obyek dan Waktu Penelitian ..................................... 24

C. Populasi .................................................................. 25

D. Sampel dan Teknik Sampling .................................... 25

E. Jenis Data Penelitian ................................................ 26

1. Data Primer .......................................................... 26

2. Data Sekunder ...................................................... 27

F. Prosedur Pengambilan Data ..................................... 27

1. Wawancara ........................................................... 27

2. Kuesioner ............................................................. 28

G. Klasifikasi Variabel Penelitian ................................ 28

H. Definisi Operasional Variabel .................................. 29

I. Operasional Variabel ................................................ 31

1. Uji Validitas .......................................................... 36

2. Uji Reabilitas ......................................................... 39

J. Metode Analisis Data ............................................... 40

BAB IV. HASIL PENELITIAN DAN PEMBAHASAN ................. 46
A. Analisis Deskripsi .......................................................... 46
B. Analisis Kuantitatif .......................................................... 58
   1. Pengujian Hipotesis ...................................................... 58
C. Pembahasan ................................................................. 57

BAB V. SIMPULAN DAN SARAN ........................................ 60
   A. Simpulan ................................................................. 60
   B. Saran ................................................................. 60
