

ABSTRAK

Persoalan menarik menjelang pilpres 2024 adalah munculnya isu Presiden Jokowi 3 periode. Isu ini menarik perhatian media karena memiliki dampak langsung kepada masyarakat. Salah satu media yang turut serta memberitakan isu tersebut yaitu Tribunnews.com. Penelitian ini bertujuan untuk mengetahui *frame* pemberitaan mengenai Jokowi 3 periode pada media Tribunnews.com, berita yang diambil yaitu dalam periode bulan Januari-Maret 2022. Metode yang digunakan adalah *framing* Robert N. Entman, untuk menganalisis obyek penelitian menggunakan empat konsep yaitu *define problem*, *diagnose causes*, *make moral judgement*, dan *treatment recommendation*. Berdasarkan hasil analisis dari keseluruhan berita, *define problems* berita dari Tribunnews.com memuat banyaknya dukungan dari berbagai pihak yang mengusung Jokowi 3 periode, kemudian untuk *diagnoses causes* dijabarkan bahwa dukungan tersebut merujuk kepada kepemimpinan Jokowi selama periode sebelumnya dianggap cukup baik, sedangkan untuk *moral judgment*, masa jabatan 3 periode itu melanggar UUD 1945, dan *treatment recomendation* yang terdapat dalam berita tersebut dikembalikan kepada aturan yang ada. Hasil penelitian ini memperlihatkan Tribunnews.com memberikan ruang berkaitan dengan latar belakang mengapa isu Jokowi 3 periode muncul, namun Tribunnews.com mengingatkan bahwa usulan 3 periode melanggar konstitusi. Temuan ini membuktikan Tribunnews.com menjalankan fungsi kontrol sosial ketika pemerintah berkuasa akan melanggar konstitusi.

Kata kunci : Analisis *framing*, Robert N. Entman, Calon presiden, Periode

ABSTRACT

An interesting issue ahead of the 2024 presidential election is the emergence of the issue of President Jokowi having 3 terms. This issue attracts media attention because it has a direct impact on society. One of the media that participated in reporting on this issue was Tribunnews.com. This research aims to determine the frame of news about Jokowi for 3 periods in the media Tribunnews.com, the news taken is in the period January-March 2022. The method used is Robert N. Entman's framing to analyze research objects using four framing concepts, namely define problem , diagnose causes, make moral judgments, and treatment recommendations. Based on the results of the analysis of the entire news, define problems news from Tribunnews.com contains a lot of support from various parties to carry Jokowi for 3 periods, then to diagnose causes it is explained that this support refers to Jokowi's leadership during the previous period which is considered quite good, while for moral judgment, The 3-term term of office violates the 1945 Constitution, and the treatment recommendations contained in the news are returned to existing regulations. The results of this research show that Tribunnews.com provides space regarding the background to why the issue of Jokowi for 3 terms arose, but Tribunnews.com warns that the proposal for 3 terms violates the constitution. These findings prove that Tribunnews.com carries out a social control function when the government is in power, which would violate the constitution.
