

## **ABSTRACT**

India has a lot of traditions that make women of India suffered because they obtain violence and gender discrimination. All India Democratic Women's Association (AIDWA) is one of the women organizations in India having active roles in finishing the women issues. Methods of influencing policy for equal right of women used by AIDWA are direct dealing with Government of India: direct action, protest demonstration and campaign, political parties, through the mass media. And for external wisdom : International Law and international declaration.
